

ADRA UKRAINE

NEWSLETTER

2025 / JANUARY • SPECIAL

Dear Partners and Friends! ♥

Three years... Three years of war, loss, tension, uncertainty, fear, and disappointment. But these years have also been marked by courage, unity, and God's grace. We, the team of ADRA Ukraine, wish to express our heartfelt gratitude to everyone who stood by us during this challenging time. Thanks to your support and collaboration, we have endured and continued our mission.

Together, we are changing lives

3.5 million unique beneficiaries. This is not just a number; it represents millions of lives touched by assistance, hope, and a chance for a better future.

270 team members. This is our dedicated team, working daily in difficult conditions, remaining faithful to our mission.

Recognition in the country. Today, the ADRA brand is widely recognized in Ukraine, a testament to the impact of our efforts.

Despite fatigue and challenges, we feel a deep sense of fulfillment in the work accomplished. Above all, our faithfulness to God and service to people remains our guiding principle. We continue to serve those in greatest need so that everyone can live according to God's intentions.

Service that transforms us

The years of war have been a time of testing and growth for us as a humanitarian organization. We are gaining invaluable experience at a high cost, but with each passing day, we grow stronger. Our key focus areas have become MHPSS (Mental Health and Psychosocial Support), SCLR (Strengthening Local Communities), and WASH (Water, Sanitation, and Hygiene). These are the fields where we feel confident and empowered.

The global ADRA network has been a source of immense support. Your help has allowed us to sustain our operations and continue our mission, even under the most challenging conditions. We are deeply grateful for your willingness to share resources, transport, and expertise, and for your presence in the most critical and risky moments. Your contribution to our projects is invaluable.

Values that guide us forward

In this war of values and worldviews, we have upheld our Christian, Adventist, and humanitarian principles. We are proud to be part of the global ADRA family.

Ukrainians are now present in nearly every country around the world, and wherever you helped them, they carry their gratitude in their hearts. Your good deeds have left a lasting impact on their lives.

We remember and cherish

This bulletin is our effort to honor everyone and everything: those who were involved in the plight of Ukraine and those who refused to remain indifferent in its darkest moments. We remember your kindness, selflessness, and love. Your service has become an example that has transformed us as well. You have become not just partners but friends who are close to our hearts. We are always happy to welcome you to Ukraine, as your presence is a great support and source of inspiration for us.

Continuing together

In this bulletin, you will find opportunities for further collaboration, enabling each office to contribute to our mission. We urge you to continue praying for Ukraine and ADRA's service.

"Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up" (Galatians 6:9).

Thank you for every prayer, every step of support, and your belief that good always prevails. May God bless you and your families!

"And whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through Him" (Colossians 3:17).

***With gratitude,
Leonid Rutkovskyi and the ADRA Ukraine Team***

Yevhenii Telehanenko, Lawyer

At the beginning of the war we received \$200,000 from ADRA International. In the first six months, ADRA offices from many countries responded. ADRA Czech Republic and ADRA Slovakia were among the first to respond. These organisations quickly began supplying food, medicine and clothing, which were distributed through our office in Mukachevo, where the head office of ADRA Ukraine had been relocated, as well as offices from Mariupol, Kramatorsk and Kyiv.

In addition, a second office was set up at the Sunny Carpathians sanatorium to provide support to beneficiaries. ADRA Romania also contributed to the relief effort by sending the first humanitarian aid. It was a small but very important support at the time.

Since 2022 we have also been supported by ADRA Denmark (MPCA project). ADRA Switzerland participated in the funding of the WFP UN project. ADRA Germany also became one of the most important partners, in particular acting as an intermediary between the German Foreign Office and the GFFO and PEACE projects. ADRA Slovakia remained active. ADRA International also provided financial support which enabled the implementation of a number of projects.

Anastasiia Yehorova, Evacuation and Social Transportation Coordinator

I have been working as an evacuation and social transport coordinator since April 2022. We currently have two projects in the area of evacuation and social transport: LEAP, supported by the Government of Canada and ADRA Canada, and PEACE, supported by Aktion Deutschland Hilft and ADRA Germany. Under the LEAP project, we provide social transport to the communities of Lyman, Sviatohirsk and Cherkasy in Donetsk Oblast, and under the PEACE project we cover the communities of Novovorontsov in Kherson region, Apostolivka and Zelenodolsk in Dnipro region, and Stepnenska and Mykhailo-Lukashivska in Zaporizhzhya region.

And if we look at the projects that ADRA Ukraine has been implementing in this area since the beginning of the war, in 2022 ADRA Ukraine had another project supported by ADRA Czech Republic. Buses were purchased and evacuations were carried out along the entire front line.

In October 2022, the GFFO project was launched with the support of the German Foreign Office and the German ADRA office, and I have already started working for both GFFO and LEAP. In the GFFO project we had both evacuations and social transportation, while the LEAP project had evacuations first and then social flights were added - they started in December 2022. The GFFO project ran until the end of 2023, then it was replaced by the PEACE project with the support of

Aktion Deutschland Hilft and the German office of ADRA. And now the LEAP project is working alongside it and will last until the end of June 2024.

In general, according to statistics, from March 2022 to 31 May 2024, ADRA Ukraine evacuated 29,741 people under the UHF, LEAP, GFFO projects, as well as with the support of ADRA Czech Republic. Thanks to social transportation under the UHF, GFFO, LEAP, PEACE projects, the charity transported 73,870 people from May 2022 to 31 May 2024. In May 2024 alone, ADRA Ukraine evacuated 319 people and transported 2,516 people on social transportation.

Dmytro Porplenko, Project Manager

I would like to mention which ADRA offices helped us in 2022 and beyond. They were ADRA China, Australia, Czech Republic, France, Germany, Italy, Norway and Portugal. Together we managed to implement large-scale projects to support the affected regions.

The main focus was on the Kyiv region, in particular the Bucha district, which was the first to feel the effects of the war. This includes the settlements of Bucha, Irpin, Gostomel, Vorzel, Moshchun, Borodyanka and Makariv. People were given financial assistance to rebuild their homes and repair their households, either in the form of vouchers or direct cash transfers to cards.

Significant attention was also paid to internally displaced persons (IDPs) from across Ukraine. Shelter units were set up for them, notably in Bucha on the territory of the Ukrainian Institute of Arts and Sciences, in Chernivtsi, and in the Sunny Carpathians and Mukachevo camps. Thanks to the project, people were able to live in these shelters free of charge. They were provided with food, toiletries, transport and everything they needed for a comfortable stay. At the same time, a large GFFO project was being implemented with the support of partners in Germany.

Tetiana Repina, Financial Manager

In 2022, ADRA chapters from different countries provided significant support to Ukraine. Among the first to respond were ADRA Czech Republic, ADRA Slovakia and ADRA Japan. Although ADRA Japan joined a little later, its support was an important addition to existing projects.

ADRA Czech Republic implemented a large project to purchase 10 buses. Thanks to the savings, we were able to purchase another large bus with 40 seats - a Mercedes-Benz Travego. In addition, the Czech Republic provided us with fuel and funds for evacuating people. The project started in March and our people even travelled to Berdiansk to pick up people from there. It was difficult, but we made every effort to complete the mission.

Together with ADRA Slovakia and ADRA Czech Republic, we funded a project to provide food parcels. They sent us the parcels and paid for the fuel, depreciation of the bus and the drivers' salaries. The project lasted four months and the aid was distributed throughout Ukraine. Later, ADRA Japan and Japan Platform NGO joined the project, providing both food and non-food parcels.

Another large project was LEAP, funded by the IHA donor through ADRA Canada. This was a major two-year project that included funding for shelter, evacuation, payments to IDPs and psychological support. The project employed psychotherapists, purchased an ambulance and paid for fuel for two ambulances. ADRA Canada not only received funding from IHA, but was also involved in the design of the project.

I would also like to mention ADRA Norway, who supplied our Mukachevo warehouse with VAC devices. This support was extremely important at a difficult time. ADRA Norway also supported educational activities.

The situation remained similar in 2023. ADRA Japan and ADRA Slovakia continued to provide stable support. ADRA Canada was active again and has become one of our most reliable partners. I particularly remember our people working at night unloading trucks of humanitarian aid. Some of the loads were not received as part of a specific project, but simply as an act of support (donation).

Andrii Semeniuk, Project Manager

I joined the ADRA team in 2022. At that time, Programme Director Nikita Didenchuk offered me the position of a manager of small project. So I started working on the WFP Cash Zakarpattia project.

This project aimed to provide financial assistance through QR codes with the support of the Ministry of Reintegration. Our team, based in Mukachevo, travelled throughout the Zakarpattia region to provide people with the assistance they needed. We also collected data on beneficiaries and passed it on to other projects ADRA was coordinating at the time. These included food aid and transport assistance.

Our work included establishing cooperation with local authorities, after which other teams went directly to the communities. Transport was an important part of the project, with trucks delivering food parcels throughout the region.

In general, I worked in two key projects: WFP Cash Zakarpattia - a financial assistance project; and project of ADRA Germany - implemented jointly with the German Foreign Office and Action Deutschland Hilft.

The ADRA Germany project aimed to support vulnerable people. This included the provision of food parcels, mobile stoves and transport assistance. We received Ford cars, which enabled us to meet the needs of people all over the country.

One of the most memorable moments was the delivery of mobile stoves that allowed people to heat their homes or damaged garages. It was not only material support, but also moral support for those going through difficult times.

ADRA Slovakia, ADRA Czech Republic and ADRA Korea were also involved at that time. For example, ADRA Korea helped with vehicles, particularly for social transport and evacuation. This was very important because one of the buses was damaged after a missile attack in Dnipro, where it was undergoing maintenance. In addition, we received passenger buses from ADRA Czech Republic (Volkswagen Crafter passenger buses 2010-2014 (9 units); Mercedes Travego passenger bus 2001), and later trucks from ADRA Japan (MAN TGL 2014 cargo vehicle (8 tonnes); MAN TGM 2012 cargo vehicle (10 tonnes); MAN TGX 2016 truck (20 tonnes)). Also from ADRA Croatia we received: Volkswagen Crafter 2017 cargo bus.

Dear Partners! ♥

We sincerely strive to express our gratitude to all who helped us, and also was not afraid and personally visited us from other countries!

Representatives of ADRA's offices, who visited Ukraine during three years of war

- **ADRA Belgium:** Jonathan Lo Buglio, Samuel Lo Buglio
- **ADRA Canada:** Anita Odondi, David Schwinghammer, Douglas Pereira, Grant Hillier, Mahider Yeshav, Randy Sidaoui, Steve Matthews, Zeny Cooper

Special thanks to the people who worked with us as part of the team

- Dejan Deletic, Joshua McEdward

Thank you for teaching us through special activities and trainings!

At a time when Ukraine suddenly found the war and missile attacks, you became our right hand in the charity work and taught us to act professionally and effectively, educating us as real specialists in social service.

Thank you for staying with us! 
Together for a shared future!

***One of the partners of ADRA Ukraine
is the Church of Jesus Christ of Latter-day Saints in Ukraine***

*In cooperation with **Oleksiy Tkachenko**, the head of this religious organization, we help the most vulnerable segments of the population in Ukraine. Together we work on projects related to providing people in need with drinking water, vouchers, wheelchairs, etc.*

Also sincere thanks to ADRA Slovakia team: Stano Bielik and his team!

We recognize that due to changes in the composition of our team, as well as due to difficult working conditions under heavy stress, we could not take into account all the details or contacts. We understand that some of our friends could inadvertently not remember, and apologize for possible omissions. Despite this, we want to assure you: each of your assistance, support and attention is priceless to us.

Highlight stories of Ukrainians who received your assistance

Volodymyr Blagiy
from Chuguiv city of Kharkiv region

*"At five in the morning, a missile hit a house in our city," recalls Volodymyr. Therefore, he moved to a shelter in Lviv, which is financially assisted by the Government of Canada, ADRA Canada and ADRA Ukraine. **"Everything is fine here. We are treated very nicely and sensitively,"** says the grateful man.*

Lyudmila Pogrebna
from Yulevka village of Zaporizhzhia region

*One day, a shell flew into Lyudmila's garden, and a blast wave blew out the windows and doors of her house. **"Thanks to the ADRA Network project, windows and doors have been replaced,"** the woman says. Now Lyudmila's house is completely restored, for which she thanks very much.*

Natalya Tsurypovych
from Orihove city of Zaporizhzhia region

***"When the shelling started, it was very loud. We lived in the basement, there was no light or water,"** Natalya recalls. After learning about the shelter from ADRA Ukraine (which was supported by ADRA Japan and Japan Platform) in Dnipro city, they moved there. Natalya and her family grateful for this shelter.*

**Oksana Kirilchuk
from the Mykolaiv region**

"To save our children, we first went to Odesa, and then traveled all over Ukraine," the woman recalls. Now Oksana's family is provided with both hygiene products and power banks, obtained with the support of the Danish International Development Agency (DANIDA) and ADRA Denmark.

**Fedir Osokov
from Kharkiv region**

Fedir is already a pensioner, he is 83 years old. The man in his life worked hard, but his pension is small. Therefore, **he is sincerely grateful for the food assistance** from the WFP UN, ADRA Switzerland and ADRA Ukraine. Thanks to food kits, he can save money for other needs.

**Yelizaveta
from Dnipro city**

The woman lost her husband. However, she had a son, who became her support and an opportunity to radically change her life. **She attends psychological trainings** from ADRA Ukraine with the support of Radiohjälp and ADRA Sweden, **which she is very pleased with.**

These stories are **one of thousands** of occasions when **people will not forget your kindness!**

Support in the form of vehicles from ADRA Network

Since the beginning of the full-scale war, ADRA offices in many countries have supported ADRA Ukraine's humanitarian activities by providing trucks, buses, and cars.

Purchased from the ADRA Czech Republic project:

- Passenger buses Volkswagen Crafter 2010-2014 (9 units)
- Passenger bus Mercedes Travego 2001
- Car Renault Duster SUV 2020

Purchased from the ADRA Japan project:

- Cargo vehicle MAN TGL 2014 (8 tons)
- Cargo vehicle MAN TGM 2012 (10 tons)
- Truck MAN TGX 2016 (20 tons)

Donated by ADRA Germany:

- Cars Ford Focus 2019 (4 units)

Donated by ADRA Switzerland:

- Cargo bus Mercedes Sprinter 2000 (2 units)

Purchased from the ADRA Switzerland project:

- Pickup Nissan Titan 2018

Purchased from the ADRA Croatia project:

- Cargo bus Volkswagen Crafter 2017

Purchased from the ADRA International project:

- Car Ford Focus 2015

Purchased from the ADRA Korea project:

- Passenger bus Volkswagen Crafter 2013

Mission Statement of ADRA Ukraine for 2025 year

1. MHPSS: **psychotherapy, social integration**
2. Legal assistance: **reparations, internal aid for the social payments**
3. HEALTH: **rehabilitation; expensive medical equipment, CVA for medical services, ex-combatants**
4. Recovery & WASH: **alternative energy & eco-friendly approach**
5. Education: **reskill, catch-up classes**
6. Livelihood: **grants, agriculture development projects**
7. SCLR: **capacity building projects for communities**
8. Cash assistance: **MPCA, sectoral cash assistance**

* Special importance according to the existing crises on the labor market of Ukraine

** The UNOCHA Humanitarian Needs and Response Plan in Ukraine, 2025

*** Transitional Development Assistance

Co-funding: why it important

The ADRA Ukraine team deeply appreciates the desire of ADRA offices from other countries to help Ukrainians. We understand that financial resources are limited, and not every office has the opportunity to finance large-scale projects in Ukraine.

Sometimes it seems that a donation of \$1,000 is too small, especially when it comes to the needs of tens or even hundreds of thousands dollars. However, we are convinced that **even relatively small contributions have great importance.** Through the co-funding of several offices, these contributions can be combined, creating resources that are able to meet specific needs.

We are sincerely grateful to those ADRA offices, which, through their donations, although small separately, together created a significant amount. This made it possible to cover the salaries of employees in projects not provided with a budget line. There are many such examples, because our needs can often be covered with a few small contributions.

***We are grateful for every support, regardless of its size!
Together we can do much more for people in need!***

List of urgent needs of ADRA Ukraine

- Co-funding of the UN WFP project on uncovered budget lines and advance payments — 290 000 € / 10 months

We remember and appreciate each of you

for giving us your helping hand in this very difficult time for Ukraine!

Your concern and care has affected many families who have been in distress and many people who have lost loved ones, friends, their home and peaceful life. They lost part of their lives, but ***your love gave them new strength and desire to live on***, for which each person from our team is sincerely grateful to you from the bottom of our hearts.

Thank you, friends!

With

LOVE TO EACH AND EVERY ONE OF YOU!
